SUBJECT: Tow Haulage Unit Outage, Cheatham Lock, Cumberland River Mile 148.6

The tow haulage unit has experienced a mechanical failure on the traveling bit. As a result, the haulage unit has been removed from service until repairs can be completed. The haulage unit is estimated to be repaired and back in service by Friday, 13 January 2006

Tows requiring double lockage will experience increased lockage times during this period.

FOR THE DISTRICT ENGINEER:

-original signed-

JEFFREY D. ROSS
Chief, Navigation Branch
Operations Division
